Presented by DeAnna Ball

- Walked through Google Drive – to house shared files.

Guest Speaker
Kelly Skinner, Team Leader, Sport Performance at United States Olympic Committee

How to be a good NGB

- “We’re glad/proud to have USA Ultimate HQ in Colorado Springs.”
- Congratulations about being recognized by USOC; brutal process.
- Olympic light is now looking at “you.”
- What is successful, where other NGBs have tripped; USOC wants USA Ultimate to succeed.

5 Pillars – Leadership, Planning, Consistency and Continuity, Service, Results

LEADERSHIP

- Empowered professional staff is critical.
- Policy Board (active 100% of the time; closely associated with staff) sets strategy direction, raises funds to support the plan.
- Passion! – let go of where you came from; it’s about the greater good. The current group likely won’t be around when we become an Olympic sport.
- Volunteers are important.

PLANNING
• Top priority
• Four-year rolling plans; can see the future, but know what needs to happen now.
• Long-term thinking, short-term horizon.
  o Adjustment time.
  o Time to celebrate.
  o Minimize the dust, move into action.
• USA Ultimate’s six-year plan – 80-90 things in total; form committees
• Accountability - Pick the right people and the right staff to help.

CONSISTENCY and CONTINUITY
• The shiny objects pillar.
• Temptation can derail progress.
• Don’t be rigid, but maintain discipline.

SERVICE
• “Blessed are those who are flexible because they will never get out of shape.”
• Focus on doing things the right way.
• Set and communicate.

RESULTS
• Organization must be outcome focus, but can’t be end goal.
• Sustaining growth is very challenging.
• Field of play results good; but when a sport becomes an Olympic sport, the rest of the world catches up.

2014 Financial Report
Presented by Kathy Hendrickson
• Total income and expenses were very close to budget; this budget was administered very carefully for 2014. Audit and Ethics committee reviews the report closely.
• Membership revenue is around 60%; this is similar to other NGBs.
• One-time event memberships at -18.7% is a good shift; more are becoming regular members.
• Overall membership increased 7.4%.
• In 2014 USA Ultimate invested funds in US Olympic Endowment’s pooled investment fund. USA Ultimate’s Reserve Policy requires at least 30% of that year’s budget be maintained in liquid investments; prepare for the unexpected.
• Operating Reserve for 2015 is larger due to 17% increase in budget.
• The Investment Working Group will create a written investment policy in 2015.
2015 Budget Adjustment
Presented by Kathy Hendrickson

- Congratulations to USA Ultimate staff on a successful move to Colorado Springs.
- Expenditures were close to what was budgeted, but there were more expenses than originally budgeted in 2015 for the move, due to temporary housing costs that were not covered as expected. No further expenses will be incurred beyond the additional request.
- Requested 2015 budget adjustment - $16,500.

Josh Seamon moves to approve the 2015 budget adjustment. Henry Thorne seconds the motion.
Motion passes with a vote of 12-0-0.

Building our National Infrastructure: State Chapters & Affiliates
Presented by Melanie Deaver

- To grow significantly, USA Ultimate needs to build a national infrastructure similar to that of most other NGBs; need a way to deliver more programming to more places.
- Currently there are nine USA Ultimate affiliates.
• Affiliates are on the ground running USA Ultimate programs and services. USA Ultimate provides insurance, event quality measures, and other benefits.
• Average size of affiliates is 600 members.
• Some affiliates are 501(c)(3) organizations.

**Recommendation:** State chapter model that ensures local partners are robust enough to deliver our services.

• In this model, USA Ultimate would oversee and empower chapters.
• The support provided could include insurance, educational materials, grants, support staff, hiring help, and USA Ultimate programs.
• Begin with a pilot program, and receive feedback.

**Current challenges**
• Resistance from existing organizations
• Being perceived as “big brother.”
• Immaturity of our existing structure/local organizations (very few could step up now and be a chapter)
• Currently some affiliates are getting services for free, and even profiting from it.
• There is no consistency behind what the current affiliates are doing.

Board approves staff moving forward with research on the chapter model via a straw poll vote of **12-0-0**.

**USA Ultimate Foundation: Research findings/launch/plan (Henry, Mariah Cunnick, Julia)**
Presented by Henry and Mariah Cunnick

Market Research Findings:

**Donor Motivation and Barriers**

**Methodology**
14 interviews
Focus groups with same 14 people
Online Survey

**Interviews**
Consistent motivation –
1. Expanding local opportunities (13 of 15); SOTG instilled in youth, desire to see sport grow.
2. Opportunities for girls/women in sport (10 of 15); understand that mixed is unique, more girls/women grows the sport.
3. Investing at all levels (increased visibility/promotion/elite play).

Barriers –
1. Counterculture feel of Ultimate not jiving with NGB. “Geeks in Colorado”; don’t want “UPA all over again”. Want a community feel.
2. Lack of awareness/connection to NGB. “I’m not sure USAU has a face yet.”
4. Lack of contact information. Can’t find people from the past.
5. Lack of resources among USAU members. Would be willing to give time, but not necessarily money.

Agreement on opportunities/barriers; barriers are not unique to this foundation. Participants wanted to continue the conversation – spoke about “WE,” not “us” and “they.” Consistent in how they spoke about Ultimate – joy, emotions about SOTG. Emotional connectivity would be a big piece – needing to feel connected moving forward.

Focus Groups
Didn’t learn a ton of new information. Value was being together and connecting. Feel good process.

Online Survey
Broader community
100 members – target groups, and based on likeliness to respond
49% response rate
- Youth expansion
- Women/girls opportunities
- Disadvantage youth
- Willingness to support Foundation (high response rate reflects this)

Guest Speaker: NGB expectations/governance
Benita Fitzgerald Mosely, USOC Chief Of Organizational Excellence

Guidelines for NGB Boards

Duty of Care
Duty of Loyalty
• Moving from Organizing Board to Governing Board
• Ten Basic Responsibilities of Nonprofit Boards (Robert T Ingram, Board Source)

From USOC, this is important education of NGBs, so that everyone is on the same page while governing NGBs.

Ultimate is like a rocket ship but we need to ensure the ship is headed in the right direction via governance, input from USOC vets like Kae Rader and Benita is very helpful.

**Proposals**

**Conduct Policy Revisions**

Present by Mike Kinsella (on the phone)

**General Discussion Points:**

- Document changes needed to match updated bylaws approved in the spring of 2014.
- Main thing that changed is how parties may appeal decisions: In the past, it was to the full Board of Directors. Main option now is a binding arbitration via AAA.
- Secondary change – definition of make up of Judicial Committee. Revision allows a hearing committee to be convened, which could include non-board participants. This would help create a hearing committee when a quick judgment is needed. (ie. Sunday of a tournament).
- Rollout of process is needed.
### Pros Discussed:

- Arbitration via AAA is a common practice among amateur sports.
- It will allow speed when needed.

### Cons Discussed:

### Overall Rationale:
Standardized appeal process that matches other amateur sports. Allows for hearing committees be convened swiftly.

Kathy Hendrickson moves to approve the Conduct Policy Revisions. Henry Thorne seconds the motion. **Motion passes with a vote of 11-0-1. Val Belmonte absent.**

**Gender Equity Ombudsgroup**

Proposal was not brought forth to the board. Policy was prematurely placed on the meeting agenda. For explanation, refer to [Mike Payne’s statement](#).

#### Closing thoughts

The meeting was closed with feedback from each board member.

**Meeting adjourned at 11:05AM MT.**
